2. Introduction of New Member

The Chair introduced Richard Jaques, the new member of the Heritage Commission. He welcomed Mr. Jaques to the Commission and asked him to tell the Commission members a little bit about himself.

Mr. Jaques stated that he is a Penacook resident and very interested in history. He is currently the president of the Penacook Historic Society and on the board of the Penacook Community Center.

3. Minutes of the August 2, 2012 meeting:

The Commission considered the minutes of the August 2, 2012, Heritage Commission meeting.

A motion was made by Mr. Johnson to accept the minutes as written, and seconded by Councilor Shurtleff. Motion carried unanimously.

4. <u>Public Hearing</u>

a. Application for Certificate of Approval in the Historic District, 11 Horseshoe Pond Lane

The Chair outlined the application process for the Historic District and opened the public hearing.

Mr. Eric Steinhauser, property owner of 11 Horseshoe Pond Lane, was present. He stated that he submitted the application to remove a leaning maple tree with a crack in the center. He said that since the time he submitted the application, the crack increased in length and width and he took the tree down. He provided the Commission with before and after photos. Mr. Steinhauser stated that he needed to take the tree down because of the impending storms and he was worried that the tree was going to fall. He explained that the tree would have fallen on the roof above his daughter's bedroom and the garage. Mr. Steinhauser reported that he had a tree expert look at the tree prior to making his decision to take the tree down and the tree expert agreed that the tree was a hazard. Mr. Steinhauser stated that he was willing to replace the tree and would work with the City Forester to decide on the type of tree to use.

The Chair asked whether any of the neighbors made comments regarding the removal of the tree. Mr. Steinhauser said that there were no comments made.

Mr. Johnson stated that because the tree has already been removed, he believes that the Commission should not vote and provide a Certificate of Approval, but instead annotate the application that the tree was removed due to exigent circumstances prior to the Commission acting on the application. The Commission agreed with Mr. Johnson to annotate the application.

5. New Business:

a. The South Main Street 19th Century Manufacturing Facilities CLG Grant Project
